

PRESS RELEASE - NEW LIGHT ON THE PROTOCOLS OF ZION

PROTOCOLS EXPOSED!

The *Jewish Chronicle* for May 12, 1995 reported that David Icke, former goalkeeper, TV presenter, Green Party spokesman and one-time Son of God, had revived the *Protocols of Zion*, which is said by Jewish leaders and the *Jewish Chronicle* to be a forgery. Well, they would say that, wouldn't they? However, some extremely sophisticated and otherwise intelligent men and women have believed in the validity of the *Protocols*, from the great industrial genius Henry Ford and Hitler (who was certainly no dummy, whatever his politics), to our current day crop of mystics. Is the *Protocols* a forgery? The answer is a resounding NO! And the reason it is not will be found in footnote 120 on page 37 of the first new analysis of this curious document since Norman Cohn's 1967 bestseller *Warrant For Genocide*.

THE PROTOCOLS OF THE LEARNED ELDERS OF ZION runs to 78 pages of A4 text and brings together for the first time ever in print the various speculations, hypotheses and theories concerning the *Protocols*. It also contains an extensive bibliography - including precursors and updates. For anyone interested in learning more about this difficult subject this is the ideal place to start.

THE PROTOCOLS OF THE LEARNED ELDERS OF ZION is £4.99 post free only from ITMA, 93c Venner Road, Sydenham, London SE26 5HU.

THE PROTOCOLS...An Annotated Bibliography is £2.99 post free from the same address.

Compiler Alexander Baron is also the author of three related studies: *Not The Protocols Of Zion!* (£2.99 post free) which analyses in considerable depth three *Protocols*-type updates; *Global Deception 1993* (£3.99 post free) a documented exposé of American anti-Semitic propagandist Eustace Mullins; and *The World Zionist Conspiracy Exposed By A Rabbi* (£2.99 post free) written in collaboration with Rabbi Goldstein, which lifts the lid off political Zionism. Baron's book *Holocaust Denial: New Nazi Lie or New Inquisition?* is still available from the same publisher at £7.99 post free.
